 - Mail to Foster Parents, SW, School Counselors
 - Plan event: food, entertainment, activities during event

MINUTES 4-20-11

Today at Noon we held a Steering Committee meeting at the ISU Extension Office. There were only two participants therefore it was a brief meeting.

We did receive \$2,500 in additional funding from Quad County Decat to better train and host our IYDT in Louisa and Henry counties. I contacted Jan Shelman to begin scheduling her staff on Coaching and Mentoring for future FTM Facilitators. We also gained approval for 2 people to be IYDT Coached and Mentored with Gloria following the May training.

We would like to start a sub-committee to assist James Krabill with the 2 events in late May. We need the committee to select dates, confirm venues, plan flyers/marketing, plan food, and event activities. Please ask around and suggest committee members ASAP.

Our next meeting will be May 4th at 11:00 am right before the CPPC noon meeting here at the Extension Office. We will need to start planning the event if it is to take place in May. If you know of people who can assist in this planning process, please let me know.
